

From,

Smt. Pratima,
Additional District & Sessions Judge,
Court No-18,
Kanpur-Nagar.

To,

The Hon'ble High Court of Judicature at Allahabad.

subject- Regarding upgradation of over all assessment and expunging
the other remark given at point No 4 by the respected
District Judge in the annual confidential remarks of the
assessment Year 2022-23

Hon'ble Lordship,

It is most humbly submitted that in my annual confidential remarks of the assessment Year 2022-23 the respected District Judge has over all assessed me as "Good" only,

The District Judge in his remarks at Point No. 4 In other Remarks, if any:- has mentioned that "As per the action plan, the officer has decided less number of cases in each category. The officer is having experience of only about 4 years service and with more experience and effort, she could have decided more number of cases."

It is most humbly submitted that having joined Direct Higher Judicial service on 29 July 2019, I had 3 years 8 months and 4 days of service experience on the date of submission of my self Assessment, even

then I have achieved 1648.54 units as against targeted 1200 units and against targeted 203.36 units regarding actual disposal on C.I.S. I have achieved 277 units of actual disposal which shows that I have put in sufficient effort for the disposal of the cases pending in my court.

As far as Sessions Trial cases under Action Plan are concerned, most of the cases pending in my court were at the stage of the appearance of the accused or at the stage in which the formal witnesses were not traceable. In spite of exhausting all the processes, the presence of all the accused and the witnesses could not be ensured due to which the targeted cases could not be disposed in time.

I would very humbly further submit that most of the cases under Action Plan have been decided in this financial year and the remaining are at the stage of final disposal due to the efforts done by me in the previous financial year, hence it can not be said that the applicant did not put-in sufficient effort for the disposal of the cases under the Action Plan. where as I have decided 09/10 criminal Appeals, 07/10 Civil Appeals, 07/10 Execution cases under Action Plan.

It is also pertinent to mention that I have decided the oldest Original Suit of the year 1987 pending in my Court which has not been mentioned by respected District Judge in the remarks given to me.

The applicant has given her sincerest devotion to the work and to the institution. With extreme humility and regards the applicant most humbly prays to The Hon'ble Court to expunge the other remark given at point no.4 by the respected District Judge and to upgrade the over all assessment of the applicant. For the kind

consideration of Hon'ble Court I shall ever be indebted.

With Regards.

Yours Sincerely

(Smt. Pratima)
