

**Confidential**

**Representation against Annual Confidential Report (ACR) and remarks on Annual Self Assessment of Applicant of year 2022-2023 recorded by District Judge, Auraiya.**

1. That the assessment of respected District Judge in column No. 01(m) "The officer is not amenable to the advice of the District Judge." of annual confidential report is totally arbitrary, baseless, biased and capricious, hence liable to be expunged.
2. That, I have no idea at all to which "advice" respected District Judge is referring, in regard to which I did not comply. Hence, I may not put up any specific justification hereby. Fact is that I worked as Chief Judicial Magistrate, Auraiya under the guidance of District Judge Sri Anil Kumar Verma-I since 30.08.2021 till 28.04.2023 and complied each order and advice, be it written or oral, in true letter and spirit.
3. That, it is evident from the fact that not even single D.O. has been communicated to me in regard to dereliction of my duties or non compliance of any order or advice rendered by respected District Judge.
4. Therefore, I beg to Hon'ble High Court to kindly reconsider sympathetically upon arbitrary and capricious remarks given by respected District Judge in annual self assessment report of applicant in more objective manner.
5. That the fact is that I worked with best of my ability and integrity through out the assessment year 2022-2023 and attained 354.33% work output and discharged successfully all my administrative duties as a CJM. I especially focused on disposal of oldest cases and Lok Adalat cases. I also successfully achieved targets of Action Plan of oldest cases in year 2022-2023.
6. Moreover, I submit with full of my humility to Hon'ble High Court to reconsider the overall assessment remarks given by respected District Judge that is "good", considering my holistic performance as a Judicial officer through out the assessment year 2022-2023 and kindly be upgraded.

Date. 11.08.2023

  
(Jeevak Kumar Singh)  
Addl. Civil Judge (S.D.),  
Auraiya.  
J.O. No. UP 2137
