Sub:-Regarding Publication of book and its publication.

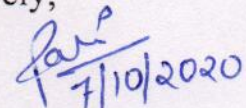

Sir,

It is submitted that I have applied for granting permission regarding publication of book but after perusal of G.O. dt. 11/10/1968, it's found that if publication work is of purely literary, artistic or scientific in nature then only information regarding that is necessary, prior permission is not needed. As my book is of purely literary in nature and its contents are of the nature of positivism and understanding of life, so my work is exempted as per above G.O.

Therefore, it's humbly requested that my previous application no. 938 dt. 31/08/2020 be consider as information to Hon'ble the Court regarding my work. I will not get any royalty from this book. I will be highly obliged.

Thanking You,

Yours Sincerely,

(Dr. Pallavi Agarwal)
