Subject - Regarding non-declaration of result of Master of Law - I

Respected Sir,

It is to state that I am a student of distance learning program of Master of Law - II. The result of Master of Law of - I was recently declared. But my result was not declared, instead 'RPR' was written in my result column. My registration number as submitted by me in ^{online} admission form of LLM - I was 'Mahima'. I request you to please cross-check my registration number and declare my result as soon as possible. I tried contacting the university on helpline number, but the call is not getting received. Neither there was any reply from the university against the mail sent by me. Since I am a student of distance learning and I reside very far from the university's location. It is getting very difficult for me to contact the university. Therefore, I was left with no option but to write this application to the respected Director Sir.

I request you Sir, to kindly look into my concern and get my result of LLM Part - I (Master of Law - I)
