Sir

I Mahima Chaudhary took admission in L.LM Part -I on July 2019 of which I gave online admission L.Lm part-I but my result was not declared by the university. In my result RPR was written. My registration no. Has not been generated by the University due to the website technical error of the university. I emailed the university twice [onlineddekuk@gmail.com](mailto:onlineddekuk@gmail.com) from my registered email address [i.e.mahimachaudhary672@gmail.com](mailto:i.e.mahimachaudhary672@gmail.com) and did speed post to director distance education kurukshetra university. I visited the university twice and gave application regarding this twice to the university but the administrative staff in llm department didn't listen and are no ready to talk. They just pass on the queries to different persons without taking any action. My registration number has not been generated by the university and rpr is written in my llm part 1 result.

I request you to generate my registration number and declare result of my llm part 1.

Thank you

Yours faithfully

Mahima Chaudhary
