Lalitpur.

Subject:- Submission of amended property statement .

Sir,

Hum'bly begs to submit on the above subject that while submitting property statement at the time of joining service I have mentioned acquisition of immovable property to be of the year 1998.

The said property (plot) was acquired by my father in joint name of myself and my mother. Property was allotted in 1994 and possession was handed over to us in 1995 by Ghaziabad Development Authority. Registration of Sale Deed was done in 1996. Construction work was completed in 1998. As the property was purchased before joining of service all the property documents was in possession of my father. At the time of joining of service while submitting property statement I have mentioned 1998 as acquisition which was told to me by my father at that time. I apologize for the bonafide mistake made by me in the property statement.

While applying for Grant of permission for sale of said property I have been directed to amend the property statement by Hon'ble Court.

Amended property statement relating to immovable property on proper proforma for the financial year 2021-2022 is being submitted as required . This may kindly be read in supersession of all my previous property statements. I'll be highly obliged if it could kindly be placed before Hon'ble Court.

Thanking you.

Regards.
