Dear Shivanya:

Congratulations! The Purdue University Admissions Committee is pleased to offer you admission to Artificial Intelligence in the College of Science at West Lafayette for Summer 2023.

As an admitted student, visit [purdue.edu/YoureABoilermaker](https://purdue.edu/YoureABoilermaker) for information on key dates and deadlines as well as how to activate your online career account. To activate your online career account, you'll need your 10-digit Purdue University ID (PUID) and career account set-up password, which are both provided at the bottom of this letter. With this account you'll gain access to your @purdue.edu email and online student portal, [mypurdue.purdue.edu](https://mypurdue.purdue.edu), through which you will conduct most of your business with Purdue.

For those who submit a FAFSA, look for an email on how to view your financial aid notification letter online. Generally, you will receive this email within three weeks of being admitted.

If you're a student with a disability and plan to request accommodations, please contact the Disability Resource Center at 765-494-1247 or [drc@purdue.edu](mailto:drc@purdue.edu).

Please keep in mind that all Purdue offers of admission are contingent, based upon the expectation that students will uphold the academic and personal conduct standards upon which they were admitted. The University reserves the right to rescind an offer of admission if an individual's circumstances warrant.

Look for more information, both by mail and email, which will facilitate your transition to Purdue. On behalf of Purdue's faculty and staff, I welcome you to the Boilermaker community – we are here to support you every step of the way as you pursue your personal and professional goals.

Once again, congratulations. If you have any questions now or at any point during your transition to Purdue, don't hesitate to contact the Office of Admissions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mitchell W. Warren'.
