PROFORMA-1

**Remarks/assessment of Chief Medical Officer/Chief Medical Superintendent
Along with verified/countersigned papers**

I Dr. Rajeev Agrawal, CMO Kasganj have perused the documents presented before me by Sri Gagan Kumar Bharti, ID No. UP6253, Designation- Additional District & Sessions Judge and place of posting Kasganj.

- I. I have personally examined Smt. Archana singh wife of Gagan Kumar Bharti who is suffering from the disease/ syndrome/disability **Chronic Renal Failure** and in my opinion she may require hospitalization for treatment/management.
- II. I also verify that Smt. Archana Singh is suffering from the **Chronic Renal Failure** and the disease(s) find(s) mention at paragraph no VIII of the Annesure-I enclosed herewith.
- III. In my professional opinion and assessment, I Am convinced that the treatment/ management of the above-mentioned disease/syndrome/disablility/disorder in paragraph two above is possible at the district mentioned by the officer in his application submitted to Hon'ble High Court.
- IV. The treatment/management of the above- mentioned disease in paragraph two above is also available at the district namely **Bareilly, Ghaziabad, Lucknow, Meerut, and Moradabad etc.** or the places where Super-multi Speciality Hospital available for the treatment of **Chronic Renal Failure**.
- V. I am aware that this document may be presented by the competent authority/applicant for further use by a competent Medical Board.
- VI. This documents shall be valid only for 1 year only.

NAME: ARCHANA SINGH
REGN: NO: MM000596204

AGE/SEX:35YRS/F
DATE: 06-10-2014

99m Tc- DMSA RENAL SCAN

Renal scintigraphy performed after intravenous administration of 5 mCi Tc99-m DMSA and multiple static images were acquired at 3 hours.

FINDINGS

Left kidney is normal in size with irregular shape. Cortical uptake is inhomogeneous, with focally reduced tracer uptake at the lower pole.

Right kidney is normal in size with irregular shape. Cortical uptake is inhomogeneous, with reduced tracer uptake at the upper and lower poles and cortical indentation at multiple sites.

Increased background activity noted, suggestive of impaired renal function.

<u>WHOLE KIDNEY</u>	<u>LEFT</u>	<u>RIGHT</u>	<u>TOTAL</u>
DIFF FUNCTION (%)	43	57	100

CONCLUSION:

Left normal sized kidney with scarring at lower pole ✓
 Right normal sized kidney with multiple cortical scarring.

Subject:-Request for verification of Medical prescriptions and disease in compliance of The Hon'ble High Court's letter no.-73 /Admin (Services)/ 2024; Dated February 8, 2024 and letter no.-94 /Admin (Services)/ 2024; Dated February 19, 2024

Respected Sir,

1. It is my humble submission that The Hon'ble High Court issued a letter no.-73/Admin (Services)/2024; Dated February 8, 2024 regarding submission of certain documents in support of their grounds mentioned in the transfer application. The Hon'ble High Court has directed to the Judicial Officers who are seeking transfer on the ground of serious/critical illness of their own/their parents/their family members, to submit the latest (not more than 6 months old) documents pertaining to treatment of their own/their parents/family members duly verified/ countersigned by the Chief Medical Officer of the concerned district and in case of medical ground of self, spouse or children, the officers shall specify the district where the better medical treatment is available for the illness given in the application for transfer.
2. In Furtherance of the earlier letter, The Hon'ble High Court issued direction vide letter no.-94 /Admin (Services)/ 2024; Dated February 19, 2024 that the CMO/CMS will issue assessment report with his independent opinion in the prescribed performa about disease/disability and The District Judge to get these matter expedited from the office of the CMO and The Chief Medical Officer will retain the documents placed before them for issuance of the certificate for future reference.
3. I would like to submit that Archana Singh is my wife and her both kidneys are damaged and she is a patient of **Chronic Renal/Kidney Disease (CKD/CRD)**, and her treatment was earlier done at Sir Gangaram Hospital, New Delhi and Medanta Hospital, Gurgaon, but due to financial crisis, she is currently being treated by Dr. Sandeep Mahajan, Nephrologist, All India Institute of Medical Sciences, New Delhi.

4. It is also my humble submission that my wife's creatinine remains between 2.5 to 3.5, and due to chronic kidney disease other parts of the body also often get infected and affected, which can be treated only by a nephrologist and for this reason, Bareilly, Ghaziabad, Lucknow, Meerut, Moradabad and Bulandshahr districts have been preferred by me in the annual transfer form.
5. Therefore, it is my humble request kindly verify the medical reports in the light of relevant papers those are annexed with this letter and assess the diseases or opinion in the prescribed performa issued by The Hon'ble High Court and retain the one set of documents placed before you for future reference.

Certificate

To whomsoever it may be concerned that **smt. Archana Singh w/o Gagan Kumar Bharti** is suffering from renal failure and has been a patient of **Chronic Kidney Disease (C.K.D.)** since 2016. Her UHID No. is 101971990. I am currently treating her and considering her renal failure she is at high risk of infection in multi-organ and persistently needs nephrologist's supervision.
