## AFFIDAVIT

I Aishwarya Pratap Singh S/o Dr AK Singh R/o 9B Railway Colony, Samad Road, Aligarh at present at New Delhi do hereby solemnly affirm as under:

1. That my mother Smt Anjali Singh aged about 63 years was admitted with the complaints of shortness of breath with severe cough and weakness on 05.02.2024 in Kailash hospital, ICU Sector 27 Noida on the basis of her X-Ray and CT-Scan.
2. That she was on non invasive ventilatory support but since she could not maintain saturation she was put on intubated ventilator on 07.02.2024.
3. That the doctors at Kailash hospital explained that she could not maintain oxygen saturation even with ventilator support and so she might require ECMO which is highly advanced and is not available in the hospital. We were told that ECMO facility is only available in AIIMS New Delhi, Max Hospital New Delhi and Medanta, Gurgaon.
4. That in the night of 13.02.2024 we shifted her to AIIMS New Delhi with a portable ventilator ambulance where she was admitted in ICU AB-8 Medicine department which had ECMO facility. The doctors at AIIMS explained that she is very critical and family members were required to be present in the ICU.
5. That ECMO consent was taken from me and the ECMO procedure was started on 15.02.2024 as saturation level could not be maintained with mechanical ventilator on 100% oxygen. Tracheotomy was also done after obtaining my consent.
6. That she continues to be very critical and unstable with risk to life as she is on ventilator and ECMO support and that my credentials and mobile number has been noted and I have been told by the doctors to be available for procuring medicines and to give consent for any procedure as and when required.
7. That since my mother is not in a position to be physically examined by CMO of the district I have got the required proforma filled by the on-duty doctor/Associate Professor and consultant at AIIMS New Delhi
