Subject:-**Regarding transfer from Baghpat Judgeship to a Judgeship having requisite medical facilities.**

Respected Sir,

It is indeed troubling to take this opportunity to bring it to your kind notice that in a very unfortunate turn of events, the husband of the undersigned has encountered very serious and chronic health conditions which need round the clock medical aid at the very doorstep lest the very precious life of the spouse of the undersigned may be jeopardized.

To be a bit comprehensive, Sir, the husband of the undersigned is just 44 years old and is undergoing treatment for acute liver failure, as well as dialectic cardiac myopathy (with cardiac functioning of mere 35% leading to apprehension of multiple organs failure), at **Nehru Hospital Post Graduate Institute of Medical Education and Research Chandigarh**, the record of which is annexed herewith for your kind perusal.

Sir, the condition of my husband is such which requires medical aid of super-specialized nature at the very doorstep as well as physical proximity to the PGI Chandigarh so as to minimize time taken in approaching to the super-speciality Institute, Chandigarh.

Sir, it may be of relevance to admit that I was very recently transferred to the Judgeship at Baghpat on my prayer but Sir, most respectfully it is submitted that though this act of kindness on the part of

Hon'ble kind Court satisfies the second criterion of geographical adjacency to the PGI Chandigarh, however, it is a matter of fact & record that the District Baghpat lacks not only the medical aid of the nature befitting my husband but also the medical facilities of very elementary nature. However, the undersigned is very grateful for your goodness for this gesture, lest the undersigned may sound less than thankful.

In view of the totality of the circumstances above, may the undersigned request your goodship to move the Hon'ble Court to kindly consider my transfer to a judgeship having super-specialty medical facilities befitting for my husband requirement/satisfaction as well as having proximity to the PGI Chandigarh, preferably at Ghaziabad, Gautam Buddha Nagar, Moradabad or Meerut.

Thanking in anticipation.

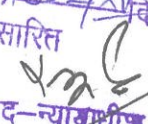

With profound regards,
