Subject: **Regarding request for the stay of annual transfer of the applicant.**

Respected Sir,

This is most humbly submitted that currently I am posted as Additional Civil Judge (Senior Division)/ ACJM, Barabanki. My hometown is District Gonda. My father who is 72 years old and my mother who is 62 years old succumbed to the COVID-19 virus along with me in the pandemic wave in November 2020, due to which they both are currently facing its after effects. Both of them are now susceptible to grave respiratory issues like breathlessness, cough and lower immunity and are still taking treatment at Barabanki (Copy enclosed). Also, it would be noteworthy that my mother has been facing manic-depressive psychosis since 2 years due to which her medications and mental tracks are being taken under consideration by a Neuropsychiatrist at Lucknow (Copy enclosed). Besides this we are looking for the suitable match for my elder sister who resides at Lucknow. As in the year 2021 my annual transfer is due and in case of transfer to some other station it would be arduous for me and my parents to visit the doctor at Lucknow & Barabanki. It is inevitably crucial phase because my parents are senile and live approximately 3 hours away from Lucknow and also the forthcoming marriage of my sister and my responsibilities towards it.

Hence, I beseech your highness' benevolence to kindly allow my stay of transfer this year so that I would be able to look after the well being of my parents for an additional year while also not jeopardising my duties and responsibilities as a judicial Officer. I would be highly obliged of your goodself to kindly put forward my stay of transfer application before the Hon'ble Court. For kind consideration.

With Regards.
