**Subject: Requesting you to transfer me to a region/district which is
in close proximity to Moradabad**

Respected Sir,

This has reference to the aforementioned subject. In this regard, I, the undersigned would like to apprise your very kindness that I am currently deployed at District and Sessions Judgeship in Agra as Additional District and Sessions Judge, since the last 2 and half years. Sir, as per the conventions and traditions of the Hon'ble High Court of Allahabad, I understand that after having spent these years in the said court, I am now due for a transfer to some other district in the state of Uttar Pradesh and it is in this regard that I am writing to you today to bring forth a very pressing matter for your kind consideration.

Sir, besides discharging my role as a judicial officer with utmost sincerity and dedication, I also have to moonlight as a doting mother of 2 small children (One is 8 years and other is just 3 years old) who stay with me although my husband and his family live in Moradabad which is like a stone's throw away from my current posting at Agra and therefore I have somehow been managing my work life and my personal life, albeit with difficulty, till now. My impending transfer has been giving me sleepless nights as the sheer thought of moving my children away from their father to some distant location is worrisome. My son is mild asthmatic and needs proper care with caution. My little daughter is, unfortunately diagnosed with having lymph nodes in her lower parts and an FNAC has

been advised for her. She is in continuous treatment of a homeopathic surgeon. (Photostat copy of latest ultrasound report is annexed herewith as **Annexure No. 1**)

Sir, as you know, the hand of Justitia (Lady Justice) which holds the beam balance should be free from any external pressure/weight lest the beam loses its balance. My impending transfer has burdened my mind and shoulders with such a weight which only your goodself could help remove. My God ordained role of a mother is equally important to me as my constitutionally mandated role of a judge. I have to mete out justice to both of them equally.

Therefore, in view of what has been stated above, though I understand that my transfer is imminent, it is my humble request to you to kindly transfer me to a region/district which is in close proximity to Moradabad, so that my children are not deprived of the love and affection of their father and grandparents and something tells me that my request would not go unheard.

Thanking you.

Your's sincerely,

(Mirza Zeenat)
