#### Kindly Note

- ❖ *Ultrasound is not the modality of choice to rule out subtle bowel lesions.*
- ❖ *Please Intimate us for any typing mistakes and send the report for correction within 7 days.*
- ❖ *The science of Radiological diagnosis is based on the interpretation of various shadows produced by both the normal and abnormal tissues and are not always conclusive. Further biochemical and radiological investigation & clinical correlation is required to enable the clinician to reach the final diagnosis.*

*The report and films are not valid for medico – legal purpose.*
