Hon'ble High Court of Judicature at
Allahabad**

Through:

**District Judge
Kasganj**

Subject: Medical ground of wife in support of the desired district mentioned for annual transfer 2024

Respected Sir,

Most humbly the applicant begs to submit the following facts for kind consideration of the hon'ble court.

1. That the applicant was transferred to district Kasganj in the annual transfer of the year 2021.
2. That the applicant wife is suffering from rare and critical disease called rheumatoid since past seven-eight years. Rheumatoid is a chronic auto-immune inflammatory disorder affecting many joints, including those in the hands and feet which requires constant medical diagnosis, tests and imaging. This disease may result in low red blood cell count, inflammations around lungs, heart etc and also cause multi organ failure if not properly treated regularly.
3. The drugs (DMARD'S and biologicals) used in this ailment has severe adverse effect on body which should be monitored regularly with toxicity including gastrontestinal, hematologic, pulmonary and hepatic.
4. That rheumatoid occurs when immune system mistakenly attacks your own body's tissue. It majorily affects the lining of joints, causing painfull swelling that can eventually result in bone erosion and joint deformity and it sometimes be life threating due to multi organ failure.
5. That the treatment of my wife earlier was going on with one of the few DM qualified rheumatologist of the country Dr. (Lt General) Ved Chaturvedi. He is the senior most super specialist in rheumatology at Sir Ganga Ram hospital,Delhi

and also under Dr. Sundeep Grover, MD,DM, clinical immunologist & rheumatologist practising at district Meerut. **But at the moment my wife is under treatment of Dr. P.D. Rath, MD, Post graduate in rheumatology John Hopkins University(USA), Director and Head of Deptt Rheumatology, Max Super Speciality Hospital, Saket, Smart, panchsheel, New Delhi, who also sits at Noida also.**

The drugs (DMARD'S) are not properly responding in my wife case due to severe aggravation of the disease, due to which now the doctor has suggested in her case for drug called Biologic modifiers which requires number of tests and vaccinations to be done before giving the aforesaid drug to the patient.

My wife is currently going under critical treatment and if i have been transfered to any farther place from Delhi in the upcoming annual transfer, her health will be hampered badly and also her going on treatment will be affected haphazardly.

My wife's consulting doctor Mr. P.D. Rath certifies that she is suffering from severe refractory rheumatoid arthritis. She needs advanced therepy (Biologicals) to control her disease. Hence, she needs to follow up regularly with him in Delhi and Noida for constant monitoring of her disease activity and tailoring of her treatment.

6. That she is the only family member to look after our 11 years old daughter in my absence during court's time. Due to her bad health she is not in a position to provide much needed care to our daughter. Our little daughter is wholly dependant on her mother and if her health will be compromised, my family will not be able to recover from that shock and due to her bad health me and my family going through with lot of mental tension and in these circumstances if any untoward incident happened to her, she required specialised medical treatment which could be likely to be available in big cities.

7. Since my wife disease got agrravated her treatment could not be possible in district Kasganj. In district Kasganj neither any rheumatology department at hospital nor any facility of senior experienced rheumatologist for consultation and proper treatment of my wife is available.

8. That in the absence of proper treatment and constant monitoring her health is deteriorating day by day.

9. That at present my wife required constant treatment at district Gautam BudhNagar and Delhi. It is almost impossible for the applicant to pursue her treatment from district Kasganj now a days. It is my duty toward's my wife to provide her best treatment available. If the applicant posted near Delhi it will be possible for

me to provide her the best treatment and care.

10. *Recently in the month of October she got multiple fracture in left hand and leg, due to which she undergone with surgery at Yashoda Hospital, Ghaziabad. Her treatment after that surgery is also going on from district Ghaziabad.*

11. *That i am enclosing herewith the papers of medical checkup and treatment of my wife for kind perusal of the hon'ble court.*

It is therefore, on the above mentioned grounds and circumstances it is most humbly requested that the hon'ble court may kindly be moved to consider applicant's request sympathetically and post the applicant at any district near by New Delhi which are mentioned in the option from where i will be able to pursue treatment of my wife.

With profound regards.

Your' faithfully
