**Sub: Request for Retention at the Existing Station on Compassionate Ground**

Respected Sir,

With all due respect I (Roma Gupta) wish to inform you that I am posted in District & Sessions Court, Fatehpur since April 2021, currently as ACJM I (2015 Batch).

At present I am on a family way and expecting my first baby somewhere in the month of May'2024 as per my pregnancy schedule. I humbly request your kind consideration for retention of self-posting at the current station i.e. Fatehpur due to my compelling medical restraints and other personal necessities which are as follows –

1. Sir, I am 4 months pregnant under stringent medical supervision due to my past medical history. It is evident here that I was undergoing treatment for conception since my marriage in 2019. I also suffered a pregnancy loss in May'2023 having detrimental effects on my health, since then I am under strict and constant medical vigilance to secure conception and complete my motherhood. Sir, since my latest conception I have also suffered haemorrhaging on two of the occasions putting me under strict medical routine and a very stern medical advice for the least movement as far as possible seeking my sensitive pregnancy bearing capabilities.
2. Sir, I also wish to inform you that I am married to Mr. Abhishek Singh, a Defence Scientist working in DRDO (Defence Research & Development Organization), Ministry of Defence. He is currently posted in DMSRDE (a lab of DRDO) at Kanpur Nagar. It is brought to your kind notice that his nature of duties implicates armed forces related research and development work involving rigorous user trials/consultations/feedbacks in all terrains and with all parties demanding exhaustive touring and outstation stays.
3. Sir, my in laws are senior citizens (more than 75 years of age) residing in Kanpur Nagar, both of whom are suffering from age related ailments. Father-in-law is a cardiac patient with a medical routine of tests and follow up thereafter on regular basis. Mother-in-law is a diabetic patient also suffering from hypertension and eye related medical disorder. As there is no one else in the family (beside us as a couple) to look after them, I usually take care of their needs due to husband's official outstation commitments considering the fact that the distance between Kanpur and Fatehpur is approx. 80 kms.

Thus, considering healthy prenatal and post natal care as well as other compelling personal exigencies, I humbly request your good self to kindly consider the retention of the undersigned to the same station i.e. Fatehpur.

Hoping for kind consideration please.

Yours sincerely

(Roma Gupta)
