Follow Up ... General

Diagnosis

Fracture of Spine waist (R)

Date

उपचार / Treatment

- Operated July 2021. - arthrodesis
- Developed CRPS - Post Surgery (D) wrist
- Taken skeletal block. > 10 hrs. at AIIMS Delhi and subsequently at SGLGI - Lucknow.
- Multiple recurrence of symptoms.
- Inadequate CRPS.
- Rare bone scan s/o recurrence of CRPS.
- OIE → Ulcer heel pain (+)
- Skin Chargin (+)
- Sensitivity +++

Arthrogryphosis
hand

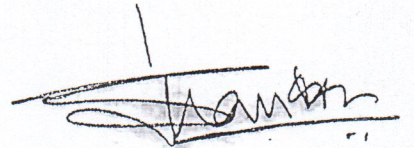

Patient is unable to follow up regularly in Delhi AIIMS.

It is advised to have a regular follow up in SGLGI, Lucknow for weekly follow up as

जिला चिकित्सालय पुरुष
गाजीपुर

- Patient require - Stentri-block / ulnar block.
- Patient is told about the Guarded program if regular FU. is not done.
- It is at risk of redo surgery if he fails to get regular follow up.
