Copy of Certificate from BBD University Lucknow dated 11.11.2020 is enclosed herewith.</p> <p>4. Respected Sir, as we are aware that whole world is in the claw of COVID 19. In order to remove COVID 19, major emphasis of Government is on Social Distancing. Transfer of officer is not his personal transfer rather it is the transfer of his/her entire family from one place to another with bag and baggage. It involves use of public transport train etc. Transportation, packing &amp; resettlement /search of house/ maintenance of house at new District involve meeting with public at large which is against 'Social Distancing'. As per guidelines of WHO, Central Government as well as U.P. Government , already patient person , old aged person and children are more vulnerable to Corona Virus. <b>In my family, my father is 78 year old , my mother is 77 years old and I also rearing 1 year old Son of my Disabled Daughter Vishakha. Further, in my family my wife and father are already patients. Hence, it is highly risky in the present scenario to move along with my family ( including my old parent, my patient wife as well as patient father and 1 year old Son of my disabled daughter Vishakha) from Lucknow to any another District. Respected Sir, therefore, I may kindly be (Stayed) remain posted for one more year at Lucknow station.</b></p> <p>Sir, it is also pertinent to mention that in the event of my transfer to any other district, a new Doctor may hesitate or may be not available for treatment of my family members due to Covid pandemic, as in these days of pandemic, Doctors are not readily available and normally do not take new patients, whereas here at Lucknow Doctors are taking care of their own patients even during in Lockdown.</p> <p style="text-align: center;"><b>PRAYER</b></p> <p>Keeping in view of the above narrated Grounds, it is humbly prayed that for <b>for preventing of any unforeseen future life threatening events i.e. the abnormal heartbeat, arrhythmia or Tachycardia which can cause blood pressure , Heart failure and even death of my wife Sangita Rani, for preventing of any future life threatening cardiac events of my father and successful completion of Last year BALLB (5<sup>th</sup> year) my Son Utkarsh Anand with the family support and also in order to ruled out risk of Social Distancing/Covid pandemic as referred in para 4 above, I may kindly be stayed ( remain posted) for one more year at Lucknow Judgship.</b></p>
